Frank Ciccarella Joins MTM as Vice President of Safety, Training, and Security

LAKE SAINT LOUIS, MO, – In a demonstrated commitment to fostering excellence in the transportation management industry, Medical

Transportation Management, Inc. (MTM) today announced Frank Ciccarella accepted the position of Vice President of Safety, Training, and Security. This is a new position designed to work with subcontracted transportation providers and their drivers to maximize safety, training, and security within MTM's operation. In addition, Ciccarella will enhance corporate training and career path development of staff.

Frank Ciccarella said, "I am excited to bring the training efforts of internal staff and external subcontractors under one focused umbrella. This will provide more training to staff and standardize training with transportation providers to ensure all individuals receive proper training to meet the need as MTM continues to grow. "

Ciccarella has over thirty years in transportation and most recently served as Vice President, Safety and Security for First Transit, First Vehicle Services, Divisions of First Group America in Cincinnati, Ohio. While there, he created and implemented a World Class Safety Program for more than 14,000 employees and 7,500 vehicles operating at 180 facilities across North America. In 2007, the American Public Transportation Association (APTA) awarded Ciccarella the Gold Award for best overall safety program in America.

Alaina Macia, MTM President and CEO said, “We are pleased to have Frank join our team. He is a proven motivator of teams and departments to achieve remarkable results. He brings a passion about reducing accidents, injuries, and risks to MTM.” Macia added, “Along with Supervisor and Management training, Frank will work with staff to identify and develop career paths for those standout MTM employees that have the skills and indicate their desire to grow within the company.”

MTM removes transportation barriers for more than 2 million people annually in 27 states and the District of Columbia. State and county governments, Medicaid and Medicare managed care organizations (MCO), and health care providers rely on MTM to meet quality and safety standards while containing costs. MTM operates six customer service centers processing some 1.6 million calls per year, scheduling 4 million trips each year. Founded in 1995, MTM is a privately held, woman-owned business enterprise.
